

# IRRIGATION BONUS INCENTIVE FOR 2020

## LIMITED-TIME OFFER FOR AGRICULTURAL CUSTOMERS

Energy Trust of Oregon helps Oregon businesses save energy and money by providing cash incentives for energy-efficient models of the equipment you use every day. Through December 31, 2020, Energy Trust is offering a bonus incentive to agricultural customers who sign an incentive offer for an eligible irrigation upgrade.

\$0.30 per kWh, up to 70% of eligible measure costs	\$0.10 per kWh, up to 30% of eligible measure costs	\$0.40 per kWh, up to 100% of eligible measure costs

### What measures are eligible for the bonus?

- Drip/microsprinkler irrigation system conversion
- Linear/center pivot system conversion
- Irrigation pump consolidations
- VFD added to an existing or new pump

### Eligibility and requirements:

- Bonus incentive is available to customers who submit a signed incentive offer, Form 420SI: Incentive Application, for an eligible measure between May 4, 2020 and December 31, 2020. The measure must meet the requirements detailed on the application.
- Customers must submit Form 440C: Project Completion Certificate and all required project completion documentation to Energy Trust by the Incentive reservation expiration date.
- Customer must install the qualifying upgrade at an eligible industrial site served by Portland General Electric or Pacific Power. Contact Energy Trust to confirm your site is eligible.
- Standard industrial irrigation measures eligible for rebates cannot receive this bonus.
- Incentives are subject to availability and may change. Final incentives paid by Energy Trust may vary and will be based upon the final installed project measures, project costs, and identified energy savings. Pre-incentive project payback must be greater than one year to be eligible.
