Energy Trust of Oregon, Inc., Incentives for Energy-Efficient HVAC Units

Energy Trust is offering the following incentives for energy-efficient HVAC units.

Size		EER	Air Conditioning Incentive
Tons	kBtu/hr		
6	73.0	11.0	\$120
7.5	94.0	11.0	\$165
8.5	103.0	11.0	\$185
10	117.0	11.0	\$175
12.5	154.0	10.8	\$375
15	189.0	10.8	\$495
17	220.0	10.8	\$475
20	268.0	10.0	\$225
25	300.0	10.0	\$300

Custom Incentives May Be Available

Energy efficiency measures not listed may still be eligible for custom incentives of up to 35% of the incremental cost between standard and high-efficiency equipment not to exceed 20¢ per annual kWh saved and \$1.00 per therm saved.

Talk with your mechanical contractor about how you can receive these incentives or visit our website at <http://www.energytrust.org/buildingefficiency/index.html>. You can also call us toll free at 877-510-6800
