

## **Renewable Energy Advisory Council**

Wednesday, April 16, 2008 9:30 a.m. – 12:00 p.m.

Energy Trust Conference Rooms

851 SW Sixth Ave., Suite 1200

Portland, Oregon 97204

## **AGENDA**

---

### **9:30 Welcome and Introductions**

#### **Action**

- Review agenda
- Approve March meeting notes (see web site for RAC meetings)

### **9:40 Large-scale PV Installations**

#### **Feedback**

*Staff have been approached by several developers proposing large PV projects (>1 MW). The 2008 budget did not include funds for additional, large projects. There are program and budget impacts to doing so, but potential benefits. Staff is seeking feedback on the pros and cons of supporting such projects.*

### **10:15 Break**

### **10:30 Green House Gas Reporting and Renewables**

#### **Information**

*Given the multiple proposals and approaches for lowering green house gas emissions, Virinder Singh will summarize his review of their implications for renewable resources.*

### **11:10 NW Energy Efficiency Alliance Strategic Plan**

#### **Feedback**

*NEEA is updating its strategic plan for regional market transformation and considering expanding its scope to include on-site renewable resources. Susan Hermenet will present their concepts and is interested in feedback and suggestions.*

### **11:50 Public Comments**

### **12:00 Meeting Adjourned**
