Energy Trust to re-bid New Buildings program management contract

PORTLAND, Ore. — April 25, 2008 — Energy Trust of Oregon will re-bid the contract for the Program Management Contractor for the Business Energy Solutions—New Buildings program. The winning bidder will negotiate with Energy Trust for a three-year contract with an optional two-year extension. Energy Trust has a preliminary schedule for the release of the Request for Proposal on June 6, with proposals due to Energy Trust on July 9.

The estimated contract value over this potential five-year period is \$15 to \$20 million; the total program budget is estimated to be \$38 to \$45 million. Work on the new contract will begin October 1. To view the posted RFP on June 6 and for more information, visit www.energytrust.org/opportunities.

Energy Trust's New Buildings program provides cash incentives for energy modeling, building commission and high-efficiency equipment. Since the program launch in 2004, the New Buildings program has provided incentives for approximately 400 new construction projects, which have resulted in energy savings of 53 million kilowatt hours and 1.2 million therms of natural gas.

Energy Trust of Oregon, Inc., is a nonprofit organization dedicated to changing how Oregonians use energy by promoting energy efficiency and clean renewable energy for Oregon customers of Portland General Electric, Pacific Power, NW Natural and Cascade Natural Gas. For more information, visit the Energy Trust Web site, www.energytrust.org, or call 1-866-368-7878.
