

\$50 Cash Back Bonus Coupon

High-Efficiency Heat Pump

This coupon entitles qualifying homeowners to a \$50 cash back bonus in addition to the standard incentive when you install a high-efficiency heat pump (minimum efficiency HSPF 8.2, SEER 14, EER 11.5) between September 1, 2008, and November 30, 2008. This offer is good for a limited time only, and only one coupon may be redeemed per household. See reverse side of coupon for additional rules and instructions.

To apply for your \$50 bonus, follow these three easy steps: 1) Have an Energy Trust trade ally contractor, or any other CCB-licensed contractor, install a qualifying high-efficiency heat pump. A list of Energy Trust trade ally contractors in your area can be found at www.energytrust.org; 2) Complete this coupon legibly; 3) Send this coupon with your completed Incentive Application Form 300A or 320H (available at www.energytrust.org/residential/hes/forms.html) and a copy of your contractor invoice marked "paid in full" to the address listed on the reverse side. (Coupons received without an accompanying Incentive Application and a contractor invoice marked "paid in full" will not be honored.)
