POLICY

The board may approve exceptions to efficiency program incentive limits for projects that meet the following criteria:

1. Exemptions require suspension of self-direction for a minimum of 3 years.
2. Exemptions will be approved only if there is available incentive budget.
3. Efficiency projects are expected to save energy at a cost per annual unit of energy saved (\$ per annual kilowatt-hour/therm) to Energy Trust that is less than the current incentive levels for the applicable program.
