Important Direct Install Terms and Conditions

- Electricity must be provided by Portland General Electric or Pacific Power in order to qualify for light bulb installations. Maximum 16 bulbs per home combined total of all bulb types.
- Water heating fuel must be provided by a participating Energy Trust utility in order to qualify for water fixture installations.
- Washington water-saving direct installs must be performed by a licensed plumber in small multifamily homes (duplex, triplex, fourplex, condo, townhome).
- Eligible homes must be occupied by homeowners or tenants to qualify. Vacant homes may be served only if a lease or sale agreement is available and occupancy is expected within 90 days of service.
- Incentive application must be submitted within 60 days of installation.
