

# WASHINGTON CASH INCENTIVES FOR HOMEOWNERS

## SERVING CUSTOMERS OF NW NATURAL

Take steps to save energy and money while improving home comfort, health and efficiency. Energy Trust of Oregon works with NW Natural to offer cash incentives that lower the cost of energy-saving upgrades for single-family homes, as well as condos, townhomes and rowhomes.

### HEATING + COOLING

Heating and cooling systems work hard to provide comfort throughout the year. Replacing old, inefficient equipment helps to improve performance and reduce costs.

#### Smart thermostat

\$100: Select smart thermostats qualify. Home must be primarily heated with a gas forced-air furnace.

#### Gas furnace

\$200: Minimum 95% AFUE

Must be used as a primary heat source.

\$550: Minimum 90% AFUE

Available for single-family rental properties only.

#### Direct-vent gas fireplace

Up to \$250: Based on Fireplace Efficiency (FE)

### WINDOWS + INSULATION

Home feeling drafty in the winter? Too hot in the summer? Experiencing high energy bills? Weatherization improvements can make a big difference.

#### Windows

\$1.75 per square foot (U-Value 0.28-0.30)

\$4.00 per square foot (U-Value 0.27 or less)

#### Insulation

\$0.60 per square foot: Attic/ceiling, floor, wall

### WATER HEATING

Between the bath, kitchen and laundry room, hot water is always in demand. High-efficiency solutions bring energy savings and peace of mind, especially if your water heater is more than 10 years old.

#### Gas tankless water heater

\$200: 0.82 uniform energy factor (UEF) or greater

## INSTANT DISCOUNTS

#### High-performance showerheads

Reduced pricing at participating retailers

## ADDITIONAL INCENTIVE OPPORTUNITIES

### Single-family rentals

Energy-saving upgrades and equipment replacement can lower maintenance costs, increase tenant comfort and retention, and help to quickly fill vacancies. Find incentives at [www.energytrust.org/landlord](http://www.energytrust.org/landlord).

### NW Natural

More incentives are available through NW Natural. See how you can save on appliances, natural gas fireplaces, new equipment installations and more at [www.nwnatural.com/offers](http://www.nwnatural.com/offers).

### ON-BILL REPAYMENT

You can apply for a loan with preferred rate and On-Bill Repayment through your NW Natural bill to help make energy-saving upgrades more affordable. Learn more at [www.energytrust.org/repayment](http://www.energytrust.org/repayment).

## SPECIAL OFFERS

### Home Energy Review

Learn where your home is losing energy and how to save with our simple online review.

Get your review at [www.energytrust.org/start](http://www.energytrust.org/start).

### Energy Saver Kit

Receive free products that save energy and water, including high-performance showerheads and faucet aerators that:

- Use up to 20% less water than standard fixtures
- Maintain great water pressure while helping you save on water heating costs
- Can save the average home 2,300 gallons of water per year
- Combined can help you save \$90 a year in energy and water costs

Order your free kit at [www.energytrust.org/kits](http://www.energytrust.org/kits).

*Incentives are subject to funding availability and may change.  
Effective January 1, 2020.*
