| 9:30 | Welcome and Introductions <ul style="list-style-type: none">· Review agenda· Approval of April minutes | Action |
| 9:35 | Strategic plans for renewable programs
Staff will present high-level five year plans by technology -- solar, biopower, wind, hydro, geothermal – and ask for feedback. External factors which may greatly impact the overall renewable strategy will be highlighted. | Information and Discussion |
| 10:35 | Break | |
| 10:45 | Implications of changes to BETC program
Although rules have not been released on how BETC funds will be distributed, it is clear that the cap on BETC availability will lead to a situation where some projects have BETCs and others do not. Staff will discuss some of the potential impact this will have on our renewable programs. | Information and Discussion |
| 11:15 | Update to lender outreach and new product review
Staff will present an update on a proposal for moving beyond project incentives to providing other products such as construction loans. | Information and Discussion |
