

ENERGY-SAVING HANDBOOK

SMART THERMOSTATS

Dear Retailer,

Thank you for supporting Energy Trust of Oregon's cash incentives on smart thermostats. These devices help your customers ease their "did-I-turn-it-off" worries and control the temperature in their homes remotely, from anywhere.

Select smart thermostats are eligible for a **\$50 cash incentive** from Energy Trust. Qualifying models will have Energy Trust signage alerting customers to the incentive, or you can visit www.energytrust.org/thermostat for a complete list of models.

What support will I receive?

As a participating retailer, Energy Trust is pleased to offer you the following support:

- Monthly store visits by field representatives
- Staff training on qualifying products
- All necessary point-of-purchase marketing materials

Our team looks forward to working with your store. Your customers will save energy and keep their homes comfortable, while you enjoy the added benefits of increased sales.

SMART THERMOSTAT FAQs

What can a smart thermostat do?

Heating and cooling account for nearly half of your home's energy cost. A smart thermostat, which has a built-in Wi-Fi connection, helps you control your home's temperature from anywhere, saving you energy and money.

▪ Remembers for you

Smart thermostats can learn your schedule and automatically adjust the temperature as you come and go, even if you forget to set it before you leave.

▪ Adjusts temperature from anywhere

Coming home early? Still in bed and wish it was warmer? With a mobile app you can control the thermostat from anywhere using a smart phone or tablet.

▪ Sets you up to save

Smart thermostats can learn your schedule and use local weather data to provide comfortable settings while saving energy. Some models even give you monthly reports that track your energy use over time.

How do customers get a cash incentive?

1. Visit www.energytrust.org/thermostat for details and eligibility to ensure your smart thermostat qualifies for an incentive.
2. Be sure to have **proof of purchase** ready to upload. This can be a digital copy or photo of the receipt.
3. **Apply** online within 60 days of purchase.

Incentives are subject to funding availability and may change. Limit one incentive per residence. Customers in Oregon heating their homes with electricity or natural gas from Portland General Electric, Pacific Power, NW Natural, Cascade Natural Gas or Avista, and NW Natural customers in Washington who heat their homes with natural gas, are eligible.
