<input type="checkbox"/>	NEEM+	\$1100
Is this home a part of Energy Trust's New Manufactured Homes Replacement?		<input type="checkbox"/> No <input type="checkbox"/> Yes ¹

Page 2 of this application must be completed by your retailer/salesperson to be eligible for a Home Certification Customer Incentive.

¹New manufactured homes that have received or will receive an incentive for participating in Energy Trust's New Manufactured Homes Replacement Program are not eligible.

Looking for more ways to save on your energy bills?

Energy Trust of Oregon offers additional incentive programs to further improve the energy efficiency of your new manufactured home, including up to a \$4,000 incentive for the installation of a ducted heat pump to replace an electric forced-air furnace. An incentive of up to \$3,500 is also available for the installation of a ductless heat pump replacing electric resistance heat. To learn more about these offers, including a list of Energy Trust trade ally contractors that can complete the work, visit energytrust.org/hppromo. For even more tips and resources, visit energytrust.org/residential, email us at residential@energytrust.org or give us a call at 1.866.365.3526.

Customer Name and Signature

By signing below, Customer agrees to the terms and conditions of this application and authorizes New Manufactured Homes retailer/salesperson to submit this application and all required documentation to Energy Trust on Customer's behalf. By that authorization, Customer represents to Energy Trust that all purchases have been completed satisfactorily as of the signature date below, and that any accompanying invoices or measure documentation are complete and accurate.

Customer signature **Full name** (please print and use same name as on invoice) **Date**

Measures and Incentives are subject to change. Do not use this form for homes sold after December 31, 2023.

New Manufactured Home Incentive Application (2023)

New Manufactured Homes | Incentive Application | Form 620_{RC}

Terms and Conditions

APPLICATION: This application must be filled out completely, truthfully and accurately. Customers and Retailers may wish to retain copies of this application and any accompanying documentation submitted to Energy Trust. Energy Trust will not be responsible for lost documentation pertaining to this application request. **Applications must be received within 60 days after the home is sited.** Incentive offers are subject to funding availability and may change. **Incentive amounts are valid for purchases through December 31, 2023. Please allow four to six weeks for incentive processing.**

ELIGIBILITY: Home certification incentives and home energy upgrade incentives are available for sales of new manufactured homes sited and primarily heated with electricity from Portland General Electric or Pacific Power or with gas from NW Natural, Cascade Natural Gas or Avista and are payable to the retailer (or salesperson if designated as payee). Customer home certification incentives are payable to the customer. All homes must meet Northwest Energy Efficient Manufactured Housing Program siting requirements to be eligible. For customers to be eligible for their Home Certification Customer Incentive, a Home Certification Retailer/Salesperson Incentive must be submitted for the same home.

PAYMENT: The incentives will be paid following: (i) purchase and certification of the new manufactured home, (ii) submission of this completed application with all required information supplied, (iii) verification of the siting information and eligibility through the Northwest Energy Efficient Manufactured Housing Program, and (iv) itemized documentation showing proof of upgrade(s) if applicable. Each salesperson or retailer needs to submit a completed W-9 form before any payment can be made pursuant to this application. Only one W-9 needs to be submitted per year, unless requested more frequently by Energy Trust.

NO ENDORSEMENT: Energy Trust does not endorse any particular manufacturer, contractor or product. The fact that the names of particular manufacturers, contractors, products or systems may appear on this application does not constitute an endorsement. Manufacturers, contractors, products or systems not mentioned are not implied to be unsuitable or defective in any way.

ENERGY INFORMATION RELEASE: Customer authorizes Energy Trust to access utility energy usage data relating to the property on which energy-saving measures have been completed and/or installed. To do so, Energy Trust may access the electric

and natural gas accounts and thermostat usage information at the physical address of the project. Customer agrees to provide reasonable assistance to Energy Trust to obtain such information.

INCENTIVE AMOUNT: Incentives for the energy-saving measures completed are as set forth in program rules. Incentives are subject to availability and may change.

TAX LIABILITY: Energy Trust is not responsible for any tax liability, which may be imposed on a retailer as a result of payment of any incentives. Energy Trust is not providing tax advice, and any communication by Energy Trust is not intended or written to be used, and cannot be used, for the purpose of avoiding penalties under the Internal Revenue Code.

ACCESS TO PROPERTY: Energy Trust and/or its representatives may request access to the property and may review and evaluate the project during and after completion. Retailer agrees to assist Energy Trust by communicating with the homeowner for reasonable access to the property for the purposes described herein.

DISCLAIMER / NO LIABILITY: Retailer/salesperson and customer understand that, while Energy Trust is providing retailer and customer with incentive payments, Energy Trust is not supervising any work performed for homeowner nor is Energy Trust responsible in any way for proper product installation, completion of that work or proper performance of any product purchased. No warranty is implied by Energy Trust funding or inspection prior to funding. Energy Trust is simply providing funding to assist retailer in implementing energy-efficiency measures. Energy Trust does not guarantee any particular energy-savings results by its approval of the application or by any other of its actions. Energy Trust will not be held responsible for any claims made by a retailer or customer regarding the amount of the incentive and the eligibility of the purchase.
