

Energy Trust is recruiting candidates for two positions on our Board of Directors

December 31, 2019

Energy Trust of Oregon is an independent, nationally recognized non-profit organization with a simple vision—clean, affordable energy for everyone. We are dedicated to helping customers and communities lower their utility bills and realize the many benefits of saving energy and using renewable resources. Our work contributes to a stronger economy, builds resilient and sustainable communities and avoids carbon emissions in our region.

We are filling two open positions on our 15-member board of directors. Directors have six regular meetings a year and receive travel reimbursement to attend board meetings. They also receive orientation and training opportunities to learn more about the dynamic clean energy field. Terms are three years.

Energy Trust board directors are non-stakeholder volunteers drawn from a variety of fields. Each board member brings independent perspectives and public, private or non-profit experience to provide strategic vision, policy development and budget management expertise.

We recognize the need for more diversity within the clean energy industry. We seek to lead on this issue by actively recruiting diverse nominees for board service. Different perspectives will help us guide and support the organization to innovate, expand our customer base, and deliver more affordable, clean energy.

We are seeking board nominees with one or more of these attributes:

- Ability to help us connect with and reach rural communities, low-to-moderate income customers and communities of color to support Energy Trust's acquisition of energy efficiency savings and renewable generation across our service territories
- Resident of Southern Oregon
- Resident of Oregon's North Coast
- Experience in the industrial and/or commercial sectors, including residential home builders and small businesses

Nominations must be received by **January 24th, 2020**, to be reviewed by the Board Nominating Committee. Multiple candidates will be interviewed for each open position.

If you are interested in serving on the Energy Trust Board of Directors, please consider [submitting a nomination](#) and don't hesitate to contact Greg Stokes, Staff Liaison to the Board's Nominating Committee (greg.stokes@energytrust.org), with any questions.
