

# GAS EFFICIENCY SOLUTIONS

## 2023 CASH INCENTIVES FOR BUSINESS CUSTOMERS OF NW NATURAL, CASCADE NATURAL GAS AND AVISTA

Designing your building to use natural gas efficiently can help you lower operating costs, reduce maintenance requirements and boost asset value. It can also result in more comfortable spaces for employees and customers. Energy Trust of Oregon brings these benefits into reach by offering cash incentives when you install standard energy-efficient gas equipment and systems.

If you are a business customer of NW Natural, Cascade Natural Gas or Avista and have a new construction, major renovation or tenant improvement project, you may be eligible for incentives.

### HAVE QUESTIONS ABOUT YOUR COMMERCIAL GAS PROJECT?

Contact Energy Trust at **1.877.467.0930**  
or [newbuildings@energytrust.org](mailto:newbuildings@energytrust.org).

EQUIPMENT	REQUIREMENTS	BUILDING TYPE	UNIT INCENTIVE
<b>KITCHEN EQUIPMENT</b>			
<b>Gas-fired Automatic Conveyor Broiler</b> Conveyor Width Under 22"	Automatic conveyor with catalyst	Restaurant, foodservice, school	\$2,000
<b>Gas-fired Automatic Conveyor Broiler</b> Conveyor Width 22-28"	Input rate less than 80 kBtu/h or a dual stage or modulating gas valve with a capability of throttling the input rate below 80 kBtu/h		\$2,500
<b>Gas-fired Automatic Conveyor Broiler</b> Conveyor Width Over 28"	Installed under a type I hood		\$3,000
<b>Gas Steam Cooker</b>	ENERGY STAR® certified	Restaurant, foodservice, school	\$2,000 each
<b>COMMERCIAL DISHWASHERS<sup>2</sup></b>			
<b>Single Tank Conveyor, Low/Dual or High Temp Dishwasher</b>	ENERGY STAR certified	Restaurant, foodservice, school	\$900 each
<b>Multi Tank Conveyor, High/Dual Temp Dishwasher</b>			
<b>GAS HOT WATER HEATING EQUIPMENT<sup>2</sup></b>			
<b>Condensing Tank Water Heater<sup>3</sup></b>	94% thermal efficiency or greater	All	\$3/kBtu/h
<b>Condensing Tankless Water Heater</b> < 200 kBtu/h	Stacked structures with central water heating, energy factor of 0.93 or more, no external storage tank	Multifamily	\$300 each
	Units must function as central water heating, 94% thermal efficiency or greater, no external storage tanks	Coin-op laundry, gym/fitness, restaurant, school	\$200 each
<b>Condensing Tankless Water Heater</b> ≥ 200 kBtu/h	92% thermal efficiency or greater	All except multifamily	\$1/kBtu/h
<b>GAS HEATING EQUIPMENT</b>			
<b>Condensing Furnace<sup>1</sup></b>	91% thermal efficiency or greater; Must be part of a centralized heating system serving at least two dwelling units or regularly occupied multifamily common space; Capacity less than 225,000 Btu/h	Multifamily	Up to \$3/kBtu/h
	95% AFUE or better; Must be primary heat source for the space and must have an ECM supply fan; Capacity less than 225,000 Btu/h	All except multifamily	\$5.75/kBtu
<b>Infrared Radiant Heaters, Non-Modulating</b>	Interior spaces less than 20,000 sq. ft.; Low-intensity discharge, natural gas-fired, non-condensing, positive pressure system	All except multifamily	\$1.25/kBtu/h
<b>Infrared Radiant Heaters, Modulating</b>			\$2.25/kBtu/h
<b>Demand Controlled Ventilation (DCV)<sup>3</sup></b>	Manufacturer-installed DCV on new packaged rooftop unit; RTU must also have an economizer	Spaces not required by code to have DCV; contact your outreach manager for eligible space types	\$29/ton of cooling capacity

EQUIPMENT	REQUIREMENTS	BUILDING TYPE	UNIT INCENTIVE
<b>CLOTHES WASHERS<sup>2</sup></b>			
<b>Commercial Clothes Washer</b>	ENERGY STAR® certified, modified energy factor, MEF, 2.2 or more	Multifamily, lodging, other commercial	\$65 each
<b>Residential Clothes Washer</b> In-Unit, Front-Loading	ENERGY STAR; Tub 2.5 cubic feet or more	Multifamily	\$70
<b>Laundry Center Washer/Dryer Combo<sup>2</sup></b> In-Unit, Front-Loading	ENERGY STAR; Tub 2.5 cubic feet or more	Multifamily	\$85
<b>OTHER</b>			
<b>Cooler Doors<sup>3</sup></b>	New remote-condensing, commercial refrigerated, medium-temperature display cases with factory-installed doors	Grocery & convenience stores	\$35/linear ft. of case

<sup>1</sup> Additional requirements apply. Contact your outreach manager or see form 520S for more information.

<sup>2</sup> Water heating must be through Portland General Electric, Pacific Power, NW Natural, Cascade Natural Gas or Avista.

<sup>3</sup> Heating must be through Portland General Electric, Pacific Power, NW Natural, Cascade Natural Gas or Avista.

### **Additional incentives & technical assistance**

Energy Trust offers additional cash incentives, technical assistance and resources at all phases of the design and construction process. To get the most support and incentives, enroll your project during the earliest stages of design. To learn more about additional opportunities for your project, contact your outreach manager.

## ENROLL YOUR PROJECT TODAY

Submit your enrollment form to [newbuildings@energytrust.org](mailto:newbuildings@energytrust.org).

For more information, including forms, calculators and workbooks, visit [www.energytrust.org/newbuildings](http://www.energytrust.org/newbuildings) or call **1.877.467.0930**.
