<td>Battery charger</td>
<td>$1,000 each</td>
<td>$1,000 each</td>
<td>$2,000 each</td>
</tr>
</tbody>
</table>

To qualify, the battery charger must:

- Be installed at a facility in Oregon served by Pacific Power or Portland General Electric
- Replace an existing, working SCR or ferroresonant battery charger
- Have a rating of 24 to 48 V
- Charge forklift or pallet jack batteries
- Be high-frequency with a conversion efficiency of at least 89%

No more than 50 battery chargers can be replaced per site.
