**10:00 Welcome and Announcements**

**10:15 Oregon Renewable Energy Siting Assessment (ORESA)** *(presentation)*

Oregon Department of Energy will present a mapping and reporting tool which includes robust data and queries for military energy natural resources, communities and other important considerations. Users can interact with and browse spatial data, create site-specific reports to support early notification, and review additional information such as regulatory process maps, assessments and tools that are not reflected in the spatial data.

**10:35 Engagement on New Concepts in Development with Utilities for the 2023 Energy Trust-Utility Action Plans** *(presentation and discussion)*

Energy Trust and PGE and Pacific Power are seeking RAC member input into developing individual action plans that will supplement the Energy Trust 2023 Budget and 2023-2024 Action Plan. This is the first year that utility specific action plans are being created and this is in alignment with Energy Trust's HB 3141 requirements to "jointly develop public utility-specific budgets, action plans and agreements that detail the entity's public utility-specific planned activities, resources, and technologies pursuant to ORS 757.054 and 757.612 (3)(b)(B)."

**11:30 Public comment**

**11:35 Adjourn**
