

Community Partner Funding for Program Allies Incentives - Washington

Residential | Information Sheet | PI 320_{CPF-WA}

| Gas incentives for Washington customers of NW Natural only. All work must comply with Home Retrofit Specification Manual requirements. Unless otherwise noted, incentives are available for single-family homes, manufactured homes, and small multifamily. Small multifamily is defined as duplexes, triplexes, fourplexes, or side-by-side properties (townhomes and rowhomes). | | | |
|--|----------------------|----------------|--|
| Energy Improvement | Primary Heating Fuel | Incentive | Requirements |
| High Efficiency Gas Furnace | Gas | \$1,600 | 95% annual fuel utilization efficiency (AFUE) or greater. Gas furnaces used as backup for high-efficiency heat pumps, also known as hybrid systems, are not eligible. A CO monitor is required on every floor with a bedroom. |
| Gas Fireplace | Gas | \$250 | 75% or greater FE. Visit www.energytrust.org/fireplace for a list of eligible models. Unit must be equipped with electronic pilot light ignition and be vented to outside with sealed combustion. A CO monitor is required on every floor with a bedroom. |
| | | \$150 | 70% - 74.9% FE. Visit www.energytrust.org/fireplace for a list of eligible models. Unit must be equipped with electronic pilot light ignition and be vented to outside with sealed combustion. A CO monitor is required on every floor with a bedroom. |
| Smart Thermostat Direct Install | Gas | \$100 | To participate in this offering connect with your local program representative for more information. Visit www.energytrust.org/thermostat for eligible models. Cannot be combined with advanced controls incentives. |
| Home Energy Assessment | Gas | \$250 per site | Available to Single Family & Manufactured Homes in Washington. This funding supports the assessment of each home to identify eligible energy improvements. Community Partner must provide site address, utility information, primary heat source and other key information as requested by the program. Audit service fee is available in combination with a HVAC, DHW or Weatherization project. Direct install measures do not count towards eligible installations. Work with your Energy Trust point of contact for more details. |
| Gas Tankless Water Heater | Gas | \$400 | UEF must be 0.81 or greater. A CO monitor is required on every floor with a bedroom. |
